About MAGC

We are an organization of passionate, public sector communicators who represent all levels of government – federal, state, regional, county, and local; as well as school districts, universities and colleges, nonprofits, and agencies serving these organizations.

Your membership includes reduced fees and access to six to 10 annual events and workshops, and free pocket programs.

As a nonprofit, MAGC is sustained with annual member dues. Each year, members elect a volunteer executive board and president that develop annual programs and special events, and manage the organization's financial affairs and organizational policies. All MAGC resources are used to advance and promote effective communications.

What you get

Professional Development

Annual Fall Conference featuring a keynote speaker, motivating sessions, giveaways, and peer connections

Daytime workshops and after-work events with guest speakers that combine learning, networking, and camaraderie

Advancing Excellence

E-newsletter updates about workshops, professional resources sent to members regularly

Exclusive access to the MAGC online career center to post job openings, find potential candidates, search openings, and subscribe to new postings

Northern Lights Contest and awards banquet recognizes members for communications excellence and innovation

Networking

Member Directory including contact information and areas of expertise

Volunteer opportunities to serve on the executive board, Northern Lights Award Contest, plan a workshop, conference or pocket program, serve on a committee

Free pocket programs are quick, small, local, and informal gatherings centered on a particular communication topic
